## Product Name

EMULSIFIER TL

## Product Description

Emulsifier TL is a highly effective concentrated degreaser liquid designed to remove grease and wax residues from textiles. It is specially formulated for professional laundry applications, delivering excellent performance across a wide range of temperatures and soil conditions.

## Key Features

- Excellent concentrated degreaser liquid
- Powerful cleaning performance across a wide range of temperatures
- Effective on various soil levels
- Removes grease and wax residues from table linen
- Optimized for use in tunnel processing systems
- Enhances overall washing performance when used in combination with other products

## Application

Suitable for professional and industrial laundry systems, especially for table linen and heavily soiled fabrics. Ideal for use in tunnel washer systems as part of a multi-product process.

## Technical Information

- Product Code: 153
- Appearance: Pale straw to pale amber clear liquid
- Specific Gravity: 0.990 – 1.010 at 20°C

## Usage Recommendation

- Use in combination with mainwash detergents for optimal performance
- Adjust dosage according to soil level and washing conditions
- Suitable for use in tunnel processing systems

## **Storage**

- Store in a cool, dry place
- Keep container tightly closed when not in use

## **Safety Information**

- Keep out of reach of children
- Avoid contact with skin and eyes
- In case of contact, rinse immediately with plenty of water
- Follow standard industrial safety procedures
