---

## Product Name

SODIUM HYPOCHLORITE DESTAINER (SH)

## Product Description

Sodium Hypochlorite Destainer (SH) is a professional full-strength liquid chlorine bleach designed for effective whitening and stain removal on white fabrics. It is ideal for removing food and beverage stains in industrial and professional laundry applications.

## Key Features

- Full-strength liquid chlorine bleach
- Effectively removes food and drink stains from white fabrics
- High-performance whitening action
- Economical and efficient cleaning solution
- Supplied in black vented plastic drums
- Contains 14–15% active chlorine

## Application

Suitable for professional and industrial laundry systems, specifically for whitework such as linens, towels, and uniforms.

## Technical Information

- Form: Liquid bleach
- Active Chlorine: 14–15%
- Packaging: 20L black vented plastic drum

## Usage Recommendation

- Use according to washing requirements and level of staining
- Recommended for white fabrics only
- Avoid use on colored or delicate fabrics

## Storage

- Store in a cool, dry, and well-ventilated place
- Keep container tightly closed

- Avoid direct sunlight and heat sources

### **Safety Information**

- Keep out of reach of children
- Avoid contact with skin and eyes
- Use protective gloves when handling
- In case of contact, rinse immediately with plenty of water and seek medical advice
- Do not mix with acids or other cleaning agents
