

Vended Products

We know an investment in laundry is an investment in your future. That's why we build quality products you can depend on. Our vended line offers various features, multiple appearance packages and a wide selection of capacities so you can find the perfect products to meet your location's needs.

Proven Power. Proven Control. Proven Freedom. DexterLive

The DexterLive network seamlessly connects Dexter machines to the cloud to provide unprecedented analytics and control giving you the freedom to manage your store anywhere, anytime, from any device.

Accept mobile payments with DexterPay

The world is changing and your customers are looking for more payment options. DexterPay allows you to offer simple and secure mobile payment in addition to traditional payment options. Plus, since it integrates with DexterLive, there are no annual fees - you only pay when customers use the app.

Vended Laundry Investors

You don't need to be a Wall Street banker to understand that laundry is a smart investment. Whether the economy is booming or in recession, people always need clean laundry. Enjoy a high rate of return on your business with the help of Dexter.

Reasons to Retool & Refresh

An underperforming laundry doesn't just erode your profits, it's an open invitation for competition. To continue to keep your business healthy and growing, it's important to review your business. We've compiled a few lessons we've learned over the last 125 years to help you maximize your business potential.

Better Ingredients Better Design

At Dexter, we select only the best materials so we can build machines that show up for work year after year in even the harshest laundry environments. Every Dexter washer is designed to withstand our rigorous 1,000-hour test - running at maximum extract with an extreme out-of-balance load. We do this because we believe that every Dexter-branded product should be made by us and it's important to us that every new model lives up to the Dexter name.

Reduce Utilities Dexter Express Washers

In the laundry business, utilities are a large portion of your monthly expenses. Dexter is committed to helping you lower these expenses while also improving your throughput. Our Dexter Express washer line spins at 200 g-force to remove more water, saving time in the dryer and letting customers finish their laundry in record time.

Industry-Leading Warranties & Lifetime Technical Support

When you invest in Dexter products you're not just buying equipment, you're partnering with a team that cares about your success. As an employee-owned company, we're committed to doing everything we can to make you successful and satisfied. That's why we stand behind every product we sell with industry-leading warranties and lifetime technical support.
